

How To Pay For Care

Personal Resources

The most common way to pay for nursing home costs is out of your own personal funds. By selling your loved one's current home or using money that has accumulated in the bank, you can ease the financial burden associated with assisted living and skilled nursing facilities. When considering the cost of care for your loved one, please remember the benefits of meeting their care needs.

Long-Term Care Insurance

Personal long term care insurance policies vary greatly in what they cover. We would be happy to help pre-qualify with you what your policy will pay for.

Elderly Waiver Program

Once your personal funds run out, we are happy to accept the Elderly Waiver program as payment in full for care. This program is administered by each county and provides funding to assist in payment for care. Generally individuals who qualify for Medical Assistance will qualify for Elderly Waiver program.
